A SAMPLE OF TELAID'S WORK

IoT DEPLOYMENT
Deployed 750,000 temperature monitoring IoT devices in grocery locations nationwide, generating millions of dollars in savings in less than 1 year.

ASSET MANAGEMENT

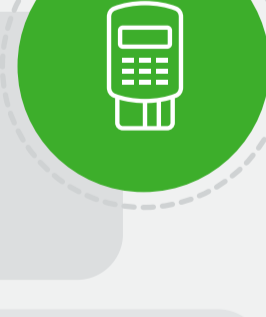

Implemented custom technology asset management program that inventoried 240,000 assets and delivered \$5.5 million in cost avoidance in 24 months.

SOLUTION DESIGN
Developed innovative technology solution to support optimal efficiency in 8.5 million ft² of warehouse space.

FRICTIONLESS CHECKOUT

Deployed innovative grab-and-go, completely contactless checkout solution for grocery retailer.

CUSTOM PHYSICAL SECURITY IN OPULENT STORE
Deployed 175,000 feet of cable, 100 cameras, 58 access points and 50 card readers in 1 landmark location.

COMPLEX CONVERSION

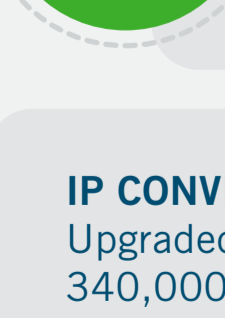

Converted 554 in-store pharmacies to new technologies and branding during overnight hours.

OMNICHANNEL RETAIL
Outfitted 600+ grocery stores with new curbside checkout capabilities, including 1,200+ mobile POS and scale devices to support curbside checkout.

LOSS PREVENTION

Deployed covert camera cracking loss case for grocery chain in 12 hours, with an ROI of \$150,000.

TECHNOLOGY UPGRADE
Orchestrated upgrade of critical technologies in 1,600+ QSR locations including wireless infrastructure, pin pad, and online ordering printers to support shift to online ordering.

IP CONVERSION FROM ANALOG
Upgraded 20 big box stores with 1,200 IP cameras and 340,000+ feet of cable in span of 4 months.
